

Halal POLICY

TUV Rheinland Quality is committed to offer Halal Management System Certification Services to the highest standard to all organizations without any discrimination, by delivering competent, consistent, impartial and value-added conformity assessments.

We want to achieve this by:-

- Offering certification services in accordance with GSO 2055- 2", Halal Standards and other normative documents that is fair, impartial, and objective to all who wish to avail themselves of our service,
- Providing Muslim Ummah with a professional service that satisfies their Halal needs,
- Practicing sound certification principles through competent staff.
- Practicing sound business principles to manage the certification process and give a return on our shareholder's investment,
- Continual improvement in building capacity for meeting changing needs of certifications.

This policy is communicated across our organization, regularly reviewed for effectiveness, and made publicly available to demonstrate our commitment to Halal excellence
