

## Products Listed Under TEC

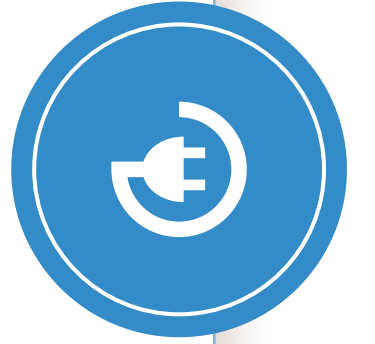

### Future Network

|                             |                |
|-----------------------------|----------------|
| 2-Wire Telephone Equipment* | POS Terminal   |
| Conferencing Equipment      | Cordless Phone |
| G3 FAX Machine*             |                |
| Modem*                      |                |

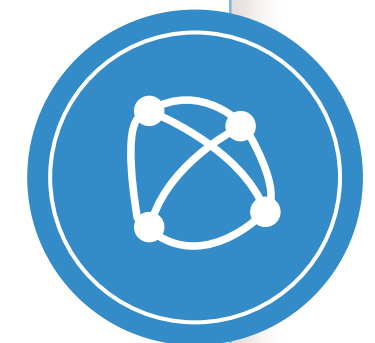

### Fixed Access

GPON Equipment\*  
DSL Equipment

### IoT / M2M

|                          |  |
|--------------------------|--|
| IoT Gateway*             | Smart Security Camera*                         |
| Tracking Device          | Feedback Device*                               |
| Smart Electricity Meter* | End Point Device for Environmental Monitoring* |
| Smartwatch*              |  |

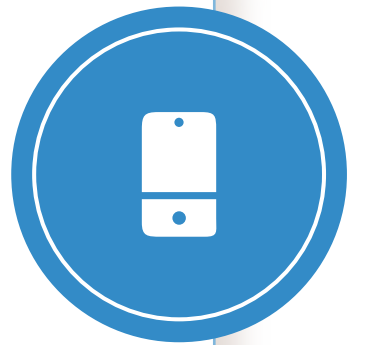

### Information Technology

|                           |                          |
|---------------------------|--------------------------|
| Switch                    | Network Security Systems |
| Router                    |                          |
| Server                    |                          |
| Synchronization Equipment |                          |

### Mobile Technology

BSC/ RNC  
Compact Cellular Network\*  
Mobile Devices\*  
Repeater & BTS\*

### Radio

|  |   |
|--|---|
| Microwave Links in Fixed Radio Systems | Equipment operating in 2.4 GHz and 5 GHz frequency bands* |
| VHF/ UHF Radio Systems                 | Satellite System  |
| Mobile Radio Trunking System Equipment |   |

### Switching

|                   |                    |
|-------------------|--------------------|
| IP Terminal       | ISDN CPE*          |
| Media Gateway     | PABX*              |
| Signaling Gateway | Application Server |
| SBC               | Media Server       |
| Soft Switch       |                    |

### Transmission

Multiplexing Equipment\*  
SDH equipment\*  
DWDM equipment  
DXC
