

## STATEMENT OF IMPARTIALITY

PT TUV Rheinland Indonesia understands the importance of impartiality in carrying out Testing, Inspection and Certification (including validation and/or verification) activities. PT TUV Rheinland Indonesia manages conflict of interest and ensures the objectivity of Testing, Inspection and Certification activities.

We do this by establishing a process to ensure that Testing, Inspection and Certification decisions will be based solely on the objective evidence of conformity gathered during assessment activities. We remain impartial in all of our business dealings, and never conduct business in a manner that could jeopardize the integrity with which we operate.

PT TUV Rheinland Indonesia identifies and manages any potential conflicts of interest so that its impartiality is not compromised.
