

TÜV Rheinland Indonesia Training Services

Course Brochure
January - December 2026

Welcome to TÜV Rheinland's Training Services

TÜV Rheinland provides guidance and clear orientation for you to realize modern educational structure. With our learning programs, you are able to improve the employability, performance, productivity, quality and results of your employees and business.

While training normally serves a short-term need of a company, consulting activity tends to serve a longer-term objective in order to secure a sustainable development of an enterprise

At TÜV Rheinland Training and Consulting, we are engaged in know-how transfer. Based on our close industry contacts and with trainers who know the industry from the within, we are teaching executives and managers practical skills for their daily work. TÜV Rheinland is your number one choice for all of your inspection, testing, certification and training needs. Our Expertise is your advantage.

BENEFITS AT A GLANCE

For your organization

- Efficiency and effectiveness in work
- Increased productivity / profitability
- Superior quality of products / services
- Increased customer satisfaction

- Increased health and safety
- Increased employee retention
- Internationally comparable training standards
- Flexible and responsive program design

For your organization

- Develop new skills in the performance of responsibilities
- Improving communication in personal and professional life
- Confidence in their abilities
- Confidence in the organization to which they belong

TRAINING BY TÜV RHEINLAND

Introduction Training

Basic introduction for beginners in management system implementation to grasp the concepts behind the system and understand the requirements.

Implementation Training

Now that you know the basics, it's time to start implementing the system within your organization. This course provides the tools to do this successfully

Internal Auditor Training

This course provides the guidance and tools needed to perform successful internal audits of the management system implemented.

Lead Auditor Training

To become an auditor, one needs to harness certain skills and acquire more knowledge of the management system. The IRCA Registered Lead Auditor courses provide these skills and knowledge to future auditors.

CONSULTING BY TÜV RHEINLAND

We support our clients in optimizing processes and structure and innovative strategies as well as restructuring in securing both patent and supplemental financial aid while strictly adhering to maximum cost transparency and efficiency. TÜV Rheinland Consulting experts work together on an interdisciplinary basis. Globally linked and versed in current topics, our specialists incorporate the key factors of success affecting our customer sectors.

TÜV Rheinland Professional Training Schedule 2026
