

TÜV Rheinland Hong Kong Limited appointed as Notified Body regarding GCC Technical Regulation for Low Voltage Electrical Equipment and Appliances

TÜV Rheinland Hong Kong Limited is pleased to announce that we have been officially registered as Notified Body by the Standardization Organization for the Cooperation Council for the Arab States of the Gulf (GSO).

Starting from July 1st, 2016 the Gulf Technical Regulation for Low Voltage Electrical Equipment and Appliances BD-142004-01 will be fully enforced, with an experimental implementation period starting from June 1st, 2015.

It will be mandatory for all Low Voltage Electrical Equipment and Appliances manufactured in or imported to the Gulf states (United Arab Emirates, Bahrain, Saudi Arabia, Oman, Qatar, Kuwait and Yemen) to fulfill the applicable requirements listed under the technical regulation.

Certain electrical product categories are specially regulated and require a GCC Type Examination Certification by a Notified Body. Manufacturers are obligated to undergo a defined conformity assessment procedure and affix the G-Mark on their products.

As GSO Notified Body TÜV Rheinland Hong Kong provides Market Access Services to verify your products can fulfill the legal requirements under the GCC Technical Regulations.

**TÜV Rheinland provides Testing & Certification service.
