

New Regulation Updates – ICIGI for Iraq

Regulations And Standards Updates For Iraq – June 2014

- According to decision (191) of the Iraqi Consultative Committee for Food Safety:
 1. Ban on bovine meat products imported from Brazil is reinstated, as one case of BSE has been discovered in Mato Grosso, Brazil
 2. Ban on bovine meat products imported from the Netherlands still holds, will be discussed on the next meeting
 3. Ban on bovine meat products imported from Canada is upheld pending the final recommendations of the the World Organization for Animal Health (OIE)
 4. A new system to be installed in responsible authorities to check bovine meat products imported from India for traces and remains of Organic Pesticides
