

Value added certification and global quality standards for your association.

WHAT WE OFFER

Global standardized certifications enable the comparability of skills even beyond national borders. PersCert TÜV already has an extensive portfolio of standardized certifications oriented to the needs of the industry. Thanks to the extensive portfolio of PersCert TÜV, associations and their member organizations can have many skills assessed immediately, for instance in the following fields:

- Occupational Health and Safety
- Quality Management
- IT/ Cybersecurity/
Data Protection
- Future Energy
- Sustainability

WHAT IS THE VALUE TO YOUR ASSOCIATION?

- PersCert TÜV supports the development of standards and builds trust in unified quality of services provided by member organizations.
- The certificate proves the quality of your membership community. It creates unified conformity assessment which raises attractiveness and strengthens the confidence of suppliers and stakeholders in the reliability, knowledge and competence of your associated organizations.
- Standardized certification serves as a criteria for entering an association and determines the eligibility for and increased value of a membership.
- Members enjoy an elevated reputation with certification and supported compliance with applicable regulations, laws and external standards.

YOUR PROOF OF COMPETENCE FROM EXPERIENCED HANDS.

PersCert TÜV is TÜV Rheinland's independent, cross-topic and cross-sector certification body with locations all over the world. We assess acquired and existing qualifications in accordance with the principles of internationally recognized standards (ISO/IEC 17024). The certificates of PersCert TÜV represent convincing proof of competence and enjoy an excellent reputation in companies, associations and educational institutions. They improve confidence in their services.
