

TÜV Rheinland Launches Kiddie Ride Examination Approved by EMSD

TUV Rheinland Hong Kong launches the examination services for kiddie rides in Hong Kong in accordance with the Amusement Rides (Safety) Ordinance (Cap 449) and the Amusement Rides (Safety) (Operation and Maintenance) Regulation (Cap 449B). Mr. Vincent SUN Xin-Shi, Section Manager of Industrial Service registered as the qualified person approved by Electrical and Mechanical Services Department (EMSD). The owners of a kiddie ride are required to arrange a qualified person approved by EMSD to examine the kiddie ride once every six months. TUV Rheinland Hong Kong provides ride examination report certified for applying the permit.

TUV Rheinland provides professional assistance for ride manufacturers and operators with all necessary inspections and assessments to help them achieve maximum safety. We also actively work toward accident prevention to help operators improve consumer confidence in the quality and safety of the indoor playground and equipment as well as lower operating risks and liabilities.

Duties of Kiddie Ride Owners

- Provide and display notices specifying prohibited conduct, number of passengers and weight permitted in each ride
- Arrange a qualified person approved by EMSD to examine the kiddie ride once every 6 months
- Arrange appropriate staff to operate the kiddie ride if necessary
- Inspect, maintain and repair the kiddie ride daily

Related Services

- Periodic test for fixed electrical installations
- Elevator related assessment, testing, certification services
- Lifting equipment related assessment and testing services
- Industrial machinery & equipment testing services
