TÜV Rheinland InterTraffic GmbH is an independent, global acting and recognised Service Company. With high efficiency and reliable on-time delivery we offer you:

- Reproducible deliverables
- Planning of efficient procurement processes
- Independent consulting and project support for the whole process

TÜV Rheinland assists you
- to meet strategic challenges in your daily business
- to optimise your operations with solutions individually tailored to your needs
- in applying proven tools and methodologies
- to meet market demands with products that are cost-efficient and ready for implementation

Our services are embedded in our full portfolio. You’ll benefit from our experience with:

- Industry and financiers
- Public Transport Authorities (PTA) and the public sector
- Operators in commuter and regional rail transport and also in public transport

We carefully listen to all your needs before we develop effective solutions, e.g. market entry and business expansion strategies for M&A activities, for public transport tenders, for the commissioning of new networks and for optimisations during continuous operation.

Our mission statement is:
Sustainable and profitable design of your contracts and organisations at minimum risks!
