

**TÜV Rheinland receives “Best Digitalisation and Cybersecurity provider” award from CPI Media.
09/24/2019 | Dubai, UAE**

TÜV Rheinland, the leading global Digital Transformation and Cybersecurity Service provided, received “Best Digitalisation and Cybersecurity provider of the Year” award at

the Future Security Awards 2019 ceremony organized by Tahawltech, part of CPI Media which was held in Jumeirah Emirates Towers, Dubai Hotel, on the 10th of September 2019 with the presence of key IT security market players.

TÜV Rheinland received the award for its enormous its technical expertise and value added services provided in the Middle East region within the field of Digital Transformation and Cybersecurity in several domains such as GDPR, AI Security (Artificial Intelligence), GRC (Governance, Risk and Compliance Management), Testing and Certification, security advisory, OT and industrial cybersecurity serving both Public and Private Sectors.

Over the past two decades, TÜV Rheinland have been operating worldwide catering a variety of industrial and critical sectors such as utilities, banking & financial institutions, oil and gas, logistics and government authorities and enable them to comply with local as well as

the international cybersecurity technologies, laws and regulations.

John Ramesh, Regional Manager for Cybersecurity in Asia Pacific, India, Middle East and Africa at TÜV Rheinland, said, "We are pleased to receive this award since TÜV Rheinland as a global quality, safety and digital solutions provider has been putting a lot of efforts over the past years in helping organizations and governments to implement the state-of-the-art technologies or solutions. In addition to that we also support them to mitigate the constantly evolving cyber threats".
