

**TÜV Rheinland Italia extends the certification of Grafica Veneta S.p.a. for new emergency processes**  
**30.04.2020 | Pogliano Milanese (MI)**

TÜV Rheinland does not stop and it is at the side of its customers also, and above all, in a delicate and epoch-making moment such as the Covid 19 Emergency.

Our employees, our skills are at the service of the companies that struggle every day to guarantee the country to overcome this difficult phase of our history.

With this in mind, **TÜV Rheinland Italia** has done everything possible to guarantee **Grafica Veneta S.p.a.**, the historical customer of our company, the possibility of certifying the new emergency processes for the production of surgical masks.

Thanks to the collaboration with TÜV Rheinland Italia, Grafica Veneta S.p.a. has achieved the extension of the ISO 9001:2015 certification field in record time, thus being able to quickly convert and control part of its production process, directing it towards the realization of surgical templates approved by the ISS. with the procedure in

derogation art. 15 paragraph 2 of Legislative Decree 03/17/2020 No. 18.

This new production cycle is added to the one already active since the beginning of the emergency period, which saw Grafica Veneta Spa reconvert part of its plants in order to manufacture filter masks with high technical performance (pursuant to art. 16 paragraph 2 of Legislative Decree 17/03 / 2020) intended for the community, to donate them to the Veneto Region, to distribute them free of charge to the population.

Currently the production of filter masks is around one million pieces per day and are intended for the use of the community (art. 16 paragraph 2).

The same quantity is in the production phase for the second line of type II surgical masks, having obtained validation by the Istituto Superiore di Sanità.

TÜV Rheinland Italia is proud to have been a partner of this extraordinary solidarity effort that has seen public bodies, private companies and technical bodies involved in a virtuous joint venture.

Our organization is and will always be on the front line with the companies involved in the challenge at Covid 19.

We will be leaving again soon. Together.
