What is Pressure Equipment Directive 97/23/EC?
The Pressure Equipment Directive (PED) is an EU product directive that is mandatory since May 2002. The PED is a guideline for the design and manufacture of pressure equipment with maximum allowable pressure greater than 0.5 bar. Products covered include pressure vessels, heat exchangers, steam boilers, pipelines, pressure relief devices, valves, regulators, assemblies and other pressure-auxiliary equipment.

Training Objectives
The objective of our training is to enable attendees to:
- Have a general understanding of the PED
- Be able to recognise equipment that falls under the ambit of the directive
- Be able to determine into which category a particular pressure equipment falls into
- Be able to compile a technical file
- Be able to understand conformity assessment procedures
- Be able to understand the concept of CE marking
- Be able to draw up a Declaration of Conformity

Who Should Attend?
- Representatives of manufacturers of pressure equipment
- Representatives of inspection agencies and testing companies
- Quality Managers
- Compliance Managers
- Inspectors of pressure vessels and assemblies
- Representatives of EPC contractors
- Project Managers responsible for installation and commissioning of pressure equipment
The course will cover the following topics

- The Pressure Equipment Directive – an Overview
- Pressure equipment classification
- Sound Engineering Practice (SEP) – Technical requirements
- Essential safety requirements (ESP) – Technical requirements
- Conformity assessment procedures and Modules
- CE Marking
- Declaration of conformity
- European Approval for Materials (EAM) and Particular Material Appraisal (PMA)
- Equipment excluded from the scope of PED
- Review of the documentation for PED certification (Manufacture Data Book)
- Practical exercises and case studies

Registration
The cost to attend this one day PED General Awareness Training course is GBP 575 plus VAT per delegate. Group discounts for more than 2 delegates are available (please ask during registration).

Cancellation policy
Full refund (no charge) if cancelled 4 weeks before the scheduled date; no refund (full charge) if cancelled less than 4 weeks before the scheduled date.
