In detail.

The attendance fee includes the conference documents, snacks and refreshments. The registration is binding once confirmed by the organizer in writing. The invoice will be issued after the event. Please note that, because of the limited number of participants, we will need to charge a cancellation fee of 50% of the attendance fee for any cancellation received later than two weeks before the beginning of the event. No part of the attendance fee will be refunded for cancellations received later than one week before the event, or for being absent on the day of the event, or for terminating attendance early.

The event will take place only if the total number of participants reaches a minimum of 10. The organizers reserve the right to substitute speakers and/or to make changes to the program schedule or venue. If an event has to be cancelled for reasons for which TÜV Rheinland LGA Products GmbH is responsible, any further claims, such as the reimbursement of travel expenses or hotel accommodation are excluded.

The TÜV Rheinland LGA Products GmbH processes the personal data of the participants in strict confidentiality in keeping with the principles of Article 5 of the GDPR for the purpose of conducting conferences and informational events and for the associated distribution of event documents. Such information will not be passed on to third parties or used for other purposes without a legal foundation or without consent. You always have the right to request information about your stored personal data, or to object to the processing of your data for specific purposes.

If you have any questions about the handling of personal data, please contact datenschutz@de.tuv.com. For more information about privacy, visit our website at www.tuv.com/termsandconditions.
