Note: In Vietnam, we are focusing more on Business Fields in blue.
TÜV Rheinland Vietnam

Founded in 2001, TÜV Rheinland Vietnam is a 100% foreign-owned company. Our team of more than 180 employees and qualified experts is dedicated to helping you in every step of the way - from development to product launch and entering global markets.

Integrity, excellence, customer orientation, performance, and agility characterize us. We are independent and professional, act with integrity and respect, take an entrepreneurial, results-driven approach, and are innovative as well as open to change.

FOCUS SERVICES
- Auditing and certification of management systems
- Training and business consulting
- Safety assessments and approvals for vehicles and components
- Testing, inspection and certification of products
- Chemical, mechanical and physical testing for consumer products, furniture and others
- Electromagnetic Compatibility (EMC) testing for electrical devices

OUR LABORATORIES
- **Softlines Laboratory**
  Our softlines laboratory provides chemical and physical testing for footwear and leather, garments and textiles, toys, food containers, basic materials and consumable products.
- **Hardlines Laboratory**
  We conduct mechanical and physical testing for furniture, building products, leisure and camping equipment, household goods and kitchenware, tools and mechanical products.
- **Electromagnetic Compatibility (EMC) Laboratory**
  Our EMC laboratory offers extensive testing services for IT equipment, household appliances, industrial, medical and radio devices.
